

REMARKS

Favorable reconsideration and allowance of the present application are respectfully requested in view of the following remarks. Claims 4-11 and 14-21 are pending. Claims 4, 15, and 18 are independent.

The amendments to the claims have been made to be in a format consistent with 37 C.F.R. §1.173 as requested by the Examiner. In other words, the amendments reflect the changes made to the claims as compared to the claims of the original patent. Substantively, it is intended that the scope of the claims are same as the claims amended in the Rule 116 Reply filed on December 24, 2003 that resulted in the allowance of the present application. No other issues remain regarding the claims.

Applicant respectfully request that claims 4-11 and 14-21 be accepted and allowed.

CONCLUSION

All objections and rejections raised by the Examiner having been addressed, it is respectfully submitted that the present application is in condition for allowance. Should there be any outstanding matters that need to be resolved, the Examiner is respectfully requested to contact Hyung Sohn (Reg.

No. 44,346), to conduct an interview in an effort to expedite prosecution in connection with the present application.

If necessary, the Commissioner is hereby authorized in this, concurrent, and future replies, to charge payment or credit any overpayment to Deposit Account No. 02-2448 for any additional fees required under 37 C.F.R. §§ 1.16 or 1.17; particularly, extension of time fees.

Respectfully submitted,
